

Justification to Attend

AMCA Americas Conference — April 21–24, 2026 | Loews Chicago O’Hare

Purpose of Attendance

To represent [Company Name] at the AMCA Americas Conference, where member manufacturers and industry leaders align on certification priorities, testing practices, and upcoming codes and standards that shape the air movement and control industry.

Benefits to [Company Name]

- **Certification Leverage:** Learn best practices to amplify AMCA Certified products and prepare for verification.
- **Testing Efficiency:** Gain practical guidance to shorten certification and testing cycles, reducing rework and delays.
- **Compliance Updates:** Stay ahead of new standards, codes, and publications that directly impact our operations.
- **Practical Resources:** Access members-only tools, templates, checklists, and peer-tested strategies.
- **Industry Insights:** Hear directly from peers, market analysts, and regulators on economic and policy shifts.
- **Networking:** Build relationships with leaders and decision-makers influencing the industry.

Investment

Registration	\$505 early rate (regular \$596 after February 2 2026)
Hotel	\$209/night + taxes (Loews Chicago O’Hare)
Travel	[Insert estimated cost for airfare/transportation]
Estimated Total	[\$[Insert total]]

Return on Investment (ROI)

- Actionable insights that reduce risk and strengthen compliance.
- Certification and testing strategies that lower cycle times and costs.
- Practical tools/templates for immediate use across teams.
- Firsthand updates on upcoming codes, standards, and policies.
- Connections with peers and industry stakeholders for future collaboration.

Summary

As an AMCA member company, participating in this meeting is about industry alignment and execution. The outcomes directly influence customer expectations, compliance timelines, and competitive positioning.

Approving this request ensures [Company Name] benefits from knowledge and connections that help us move faster—with fewer surprises.
